

If your agency is doing any type of Reality Based Training (Simunition, AirSoft, Laser Simulators, Inert Training Weapons) READ THIS TRAINING ANNOUNCEMENT.

The Maryland Police and Correctional Training Commissions are hosting a **Reality Based Training Instructor Certification School, April 5-9, 2010**, and has some surplus seats available.

This is a FIVE DAY school, and covers all aspects of Reality Based Training. The topics covered in this program vastly exceed subject matter covered in other RBT or Simunition schools you might have attended.

Taught by **Kenneth Murray**, the original co-founder of SIMUNITION and author of the critically acclaimed book **Training at the Speed of Life** – the Definitive Textbook for Police and Military Reality Based Training, this class provides instructors with a highly advanced template for running any type of Reality Based Training independent of the technologies being used.

Participants in this class receive five days of theory and hands on experiential learning in setting up safe and effective training programs involving the various types of Reality Based Training modalities. Those who have attended in the past have gone on to create training programs that have significantly reduced training costs while improving the quality AND quantity of training within their agencies.

This school certifies the attendees in the use of all brands of marking cartridges, protective equipment, inert training products, AirSoft, video simulation systems and more.

The normal cost of this program to the attendee is \$695.00 per person, but the Maryland Police and Correctional Training Commission has cut the costs to your agency to **\$595.00** per person. In addition to the standard training materials normally received in this program, CPD has arranged it so that all participants will also receive a copy of Kenneth Murray's book Training at the Speed of Life.
